NUMBER 51

Contracts Placed on \$40,000 Hamlin Hospital

Deepening of Wells Highlights Activity

NEW LOCATIONS BEING MADE IN WIDE AREA AS PAY AT NEW LEVELS BEING SOUGHT

Announcement that a test three miles north of Truby will be deepened from the Flippin to the Swastika; staking of a 4,500 foot test 15 miles southwest of Anson and two wildcats for Haskell County highlighted oil developments this week for Hamlin area operators.

Three miles north of Truby the Alder Oil Company of Fort Worth announces its No. 1 Dr. E. E. West, 330 feet from the east and south lines of the 551-acre tract, Northeast part of J. W. McKissick Survey No. 204, will be carried from the Flippin to the Swastika.

Mudge Oil Company of Dallas has staked location for a 4,500 foot test in the new Minter Field, 15 miles southwest of Anson, the No. 1 H. T. Strickland.

Site of the Mudge test is 330 feet from the west and 710 feet from the south lines of Section 41, Block 2, S & P Survey. From an over-all standpoint, drilling trend toward Boyd's Chapel and Neinda looks good.

Thomas D. Humphrey of Dallas is attracting attention to Haskell with his No. 1 E. G. Chapman, wildcat 10 miles northeast of Haskell, which showed in the Strawn and Ellenburger. He staked two new locations.

In order to test the Canyon show logged at 2,496 and 2,604 feet in the No. 1 Chapman, Humphrey made application to drill a twin well, the Humphrey No. 2 Chapman, 330 feet out of the northeast corner of a 582-acre tract, Block 60, H. Tidwell Survey Abstract 358. It is to be drilled with rotary equipment.

Eight miles east of Haskell about two miles southeast of the Lawson Field, Humphrey is to drill the wildcat, No. 1 J. L. Collier, 1,400 feet from the west and 467 feet from the south lines of a 160-acre tract, J. E. Ellis Survey No. 52. It will be, The Herald learns, a Palo Pinto test and will be carried with rotary.

Five and one-half miles northwest of Merkel E. J. Ruwaldt of San Angelo has made application to drill the No. 1 J. B. Wade to 4,500 feet instead of 3,200 feet—depth in the previous application. Site of the test is 630 feet from the west and 414 feet from the south lines of north half section 25-18 T & P Survey, on the Jones County line.

Three Area Towns Will Close Scout Fund Drive

McCauley, Sylvester and Longworth are expected to conclude their annual Boy Scout finance campaigns this week, The Herald is advised.

Boy Scout finance drives were completed by Saturday for Rotan and Roby, with a combined total of \$915.50, according to M. D. Ivey of Rotan, district Scout executive board member.

CLUB BOYS PRIME STOCK FOR EXHIBIT AT STAMFORD SHOW

A number of Future Farmers of America of the Hamlin chapter and members of the 4-H Clubs of the area were putting finishing touches on their calves and cows in preparation for exhibiting them at the Stamford-Breeding Livestock Association Show which will be staged at Stamford Saturday, October 26.

H. C. Stanley, Jones County agent, who is in general charge of the one-day show, will feature swine, dairy cattle, beef cattle, senior division; dairy cattle, senior division; and 4-H Club girls' exhibits.

Hannah Nabors, Jones County home demonstration agent, has charge of home demonstration and girls' 4-H work; Archie Pardue is beef cattle superintendent; Roy Moritz is superintendent for dairy cattle; and B. P. Davenport is chief for swine entries.

Judging will begin Saturday morning at 9:00 o'clock. Entries will be limited to Jones, Fisher, Haskell, Shackelford, Stonewall and Taylor Counties.

Any 4-H Club or FFA boy in any of the counties named is eligible to show for premiums posted for the exhibition.

Pastor John Osteen Speaks at Conference For County Baptists

Rev. John Osteen, pastor of the Hamlin First Baptist Church, brought the principal message at the October Jones County Workers Conference Tuesday at the Truby Baptist Church, Floyd McCoy, educational director at the local church, gave a special song.

Theme of the all-day gathering of Jones County Baptists was "State Missions."

Plans were laid for the county-wide simultaneous revival that will be conducted as part of the state program next March. Every Baptist Church in the county will have a revival for two weeks underway at that time. Rev. Osteen was named county chairman for the program.

McCoy was named associational Sunday School superintendent and leader of evangelism in Jones County for the ensuing year.

Migratory Laborers for Picking Come to Area

Migratory laborers are arriving in the Hamlin area in increasing numbers nowadays, according to W. L. Beavers, who is in charge of the Hamlin migratory labor center in South Hamlin.

As cotton picking is being gradually cleaned up in the southern and central parts of Texas, pickers are coming north to harvest the crops of this section. Producers report that pickers are ample in most instances, and cotton is opening fast since the mild frost of recently.

Producers are urged to contact Beavers at the labor center when in need of pickers.

Wilhites Called to Area By Death of Relative

Mr. and Mrs. J. A. Wilhite Jr. returned to their home at Harlingen Monday following a visit here with Mr. and Mrs. L. S. McGee and others. Mrs. McGee is Mrs. Wilhite's mother.

The couple was called to Stamford last week on receipt of word that young Wilhite's mother, Mrs. J. A. Wilhite Sr., had succumbed at Leuders.

TWO NEW CLASSES FOR HAMLIN VETS BEING ARRANGED

James W. Love, coordinator for the Jones County vocational schools, was in Hamlin at the office of J. C. Turner Monday and Tuesday of this week in the interest of starting classes in agriculture and business for veterans. Love states that some of the veterans have been misinformed about the operation and activities of the school.

The ag class offers to veterans a chance to learn what he desires to learn about any phase of agriculture and he may specialize in any field of the course. The class will meet one night per week for four hours and have one demonstration per week which will require about six hours. The course is of three years' duration provided the veteran is eligible to attend for that period. While attending the vet will draw subsistence of \$65 for single men and \$90 for vets with dependents.

Six veterans have already signed up for the agriculture course. Love will be back in Hamlin at Turner's office on Tuesday October 29, when other vets who are interested may contact him.

Veterans who are engaged in some field of business may attend a business school if 10 more veterans want to take this kind of course, which covers all phases of business.

Prominent Anson Man Dies Sunday at Ranch

Thomas David Parkinson, 60, prominent Anson business man who was well known here, died Sunday afternoon at his ranch about 12 miles southwest of Anson, Hamlin friends learn.

Parkinson, a substantial land owner, was stricken Sunday afternoon about 3:45 o'clock in the ranch corral and died immediately. Death was believed due to a heart attack.

Funeral services for Parkinson were held Tuesday afternoon, 3:00 o'clock at the Anson First Methodist Church. Rev. John H. Crow, pastor, officiated, and burial was in Mount Hope Cemetery under direction of Lawrence Funeral Home.

Mr. Parkinson had operated a Texas service station in Anson about 20 years.

PIED PIPERS FINALLY GET GOING FRIDAY AND TAKE CRUCIAL GAME AT STAMFORD

Hamlin High School Pied Pipers passed a stiff test Friday evening on Bulldog Field at Stamford—maybe stiffer than anticipated—when the Pipers roundly thumped Stamford to the score of 14 to 0.

The Pipers were held scoreless for three periods of underdog Stamford, but in the fourth became the complete master.

Hamlin's fighting Pipers won the all-Jones County battle in the game's last stanza and their stock in the District 11-A race zoomed to new heights.

So completely did Coach Red Howard's hard scrapping youngsters dominated the second play that Stamford was able to make only one first down to eight for the Pipers. Over the full distance Hamlin led in first downs 15 to 5.

In the closing minutes of the third quarter the Pipers began their scoring drive.

After a Stamford punt went out on the Bulldog 41-yard stripe Hamlin started to roll. Rowland made three on an end sweep and then pitched to Dean for a first down on the 29-yard marker.

With Rowland carrying twice and Owens once the Pipers got another first down, this one on the 14. Rowland carried to the five and Owens to the one. Then Rowland bucked center for the necessary yardage but the Pipers were offside.

At this point Coach Howard substituted Benny Houghton for Owens. On the first play Houghton took a lateral from Rowland and swept end

WTCC Meet At Anson Is Busy Session

HAMLIN ATTENDANTS LISTEN TO REPORTS AND VOTE ON REFERENDUM PLANKS

Hamlin and Jones County was well represented Friday in Anson when the fifth district West Texas Chamber of Commerce referendum meeting was held and Stamford was chosen for the 1947 meeting place.

Frank Kelley, Colorado City oil man, was reelected WTCC director for the ensuing year.

Hamlin and 12 other towns in the area were represented at the Anson conclave.

Keynote talk was given by C. P. Dodson of Decatur, WTCC third vice president, who expressed deep appreciation of the organization.

Dodson reported the West Texas Chamber of Commerce served 132 counties, containing 160,000 square miles of territory, and 145 cities having 5,700 individual members. In this area, he continued, grow 65 per cent of the state's sorghum grains, 53 per cent of its cotton and 85 per cent of its mohair.

Nine planks in the referendum were explained in detail by D. A. Badden, general manager. At conclusion of each plank discussion ensued. This was particularly true of the plank on gas tax allocation and one on building funds for state colleges.

Jones County attendants report that on motion of Max Bentley, activities director of the WTCC, the group adopted a resolution favoring a constitutional amendment to be voted on in 1947 for payment of \$75,000 to a contractor for construction of Science Hall at Stephenville. Through a legislative flaw the debt was never paid. In a constitutional amendment election in 1942 for re-inbursement, voters defeated it.

Hamlin, Snyder, Stamford, Colorado City and Rotan sought the next WTCC meeting.

Three past presidents who attended were introduced. They were R. W. Hayni of Abilene, 1926; Charles E.

See WTCC MEET—Page Four

RURAL CARRIERS OF SIX COUNTIES SLATE SESSION AT AVOCA

Rural carriers of the Hamlin area will attend a meeting of the Jones, Haskell, Fisher, Stonewall, Shackelford and Kent County local of the Texas Rural Letter Carriers Association to be held at 5:00 p. m. Saturday at the home of Mr. and Mrs. Glenn Rennels at Avoca, according to Melvin Courtney, of Hamlin, president of the unit. Carriers out of the Hamlin post office are planning to attend.

Reports will be given by delegates who attended the state and national conventions, and other matters pertaining to continued progress of the association will be discussed.

With other organizations interested in road improvements, the Texas Rural Letter Carriers Association is actively engaged at the present time in the campaign for adoption of the proposed amendment to the state constitution which provides for freezing or making permanent the distribution of the state gasoline tax in the same manner in which it is now being divided—one-fourth going to the public school fund, the remainder to be used for highway construction, maintenance and policing, Courtney declares. If passed in the general election on November 5, this amendment will prohibit further diversion of gasoline taxes from the use for which they were intended.

HASKELL CARTER NAMED NEW WTCC HAMLIN DIRECTOR

Tate May, Hamlin banker, resigned as West Texas Chamber of Commerce director for Hamlin when the local CC directors met Tuesday evening in the regular monthly business session. May has served in the capacity as regional CC director for several years.

Haskell W. Carter was named new Hamlin WTCC director to succeed May. He will assume his new office for the 1947 fiscal year of the West Texas civic organization.

At the Tuesday conference the Hamlin Chamber of Commerce directors voted on the referendum, which establishes the policies and conducts business of the West Texas Chamber of Commerce. The referendum plan has been used in lieu of holding an annual convention since the start of the war. The regular convention plan will be resumed in 1947, when the first post-war gathering will be staged at Lamesa. Director May will attend the referendum convention at Abilene November 8.

Kerrville Couple Buys May's Furniture Store

Mr. and Mrs. D. Mack Stewart last week-end became new owners of the furniture store operated for years by M. P. May. The Stewarts are from Kerrville, where they had been in business a number of years.

Mr. May, father of Tate May, president of the F. & M. National Bank, had been in the furniture business in Hamlin for 26 years. He came here from Cuba, Abilene. Mr. May, who is 76 years of age, is active in community and religious affairs.

Hamlin Stores to Close for Armistice as Usual

Hamlin stores will close on Monday, November 11, in observance of a national holiday, if recommendations of the directors of the Hamlin Chamber of Commerce are accepted. The directors voted on the closing proposal at their Tuesday evening session.

It has been a custom of Hamlin merchants to observe the old World War I Armistice Day as a legal holiday since the 1918 beginning of the celebration.

Work Slated To Start on Plant Soon

TEGART & FLOWERS AWARDED GENERAL CONTRACT AND OTHER JOBS ARRANGED

Major contracts for the proposed Hamlin Memorial Hospital were let this week, it was announced Wednesday by officials of the hospital association. Work is slated to get underway as soon as initial materials are available.

The structure will cost approximately \$40,000, association officials state.

Original specifications, estimated to cost about \$35,000 by the architect, drew bids several weeks ago ranging from \$50,000 to \$72,000, after several revisions and modifications, the present plans and specifications were drafted in order to bring cost of the unit within available cash funds for the structure.

Official statement from the board of directors of the hospital association, prepared by Bowen Pope, secretary, follows:

After considerable delay in shaping the revised plans for the Hamlin Memorial Hospital building, everything has been cleared for immediate construction, with limitations for accumulating of materials.

Some of the most important units of the various contracts have been signed and delivered to the successful bidders.

Tegart & Flowers of Hamlin have the contract as general construction foremen, who take the building from the excavations to its completion.

Plumbing contract went to City Electric & Plumbing Company of Hamlin. All electrical installations also went to City Electric.

All lumber contracts will be handled by the Hamlin lumber yards.

Roofing contract will be fulfilled by Lydick-Hooks Roofing Company of Abilene.

Acme Brick Company will supply the brick and tile.

Metal windows, hardware, glass and glazing contracts went to West Texas Builders Supply Company of Abilene.

Contracts for other units for the building will be closed within the next few days.

Previous public announcements were that the original building plans, calling for a two-story all-steel and brick and concrete structure, proved to be too costly for the building budget available. So a revised plan, calling for a one-story structure, with 12-inch outer walls of white face brick and hollow tile; wood framing for inner partitions; concrete floor covered with mastic tile; 147 feet long and 33 feet wide, containing a total of 32 all told for various hospital purposes, with a net of 14 private rooms for patients; also a front lobby and rear ambulance entrance corridor and a corridor of about 140 feet in length. With this layout it will mean a grand start for a much larger hospital building in the near future. Every feature of this first unit must be complete before opening.

The board of directors and all who are striving to promote this needed institution in this area of three counties appreciate the patience that the people have shown. Many of those who have not yet joined in the membership purchase have made more inquiry than the ones who have had their money in the bank all the past months. Now is the time for each family to get in and put their influence and \$50 cash into something that might mean a life saved for some loved one.

After 800 families have joined the hospital association, the membership will be advanced to care for a rush of needed equipment and room expansion. Everyone can play a helpful part in building this hospital.

OF INTEREST TO WOMEN

Camp Fire Girls and Leaders in Ceremonies

Presentation of service ribbons and assembling of gifts for Camp Fire Girls overseas featured the Area Council Fire for Camp Fire Girls held Sunday afternoon, 4:00 o'clock, at the First Methodist Church in Stamford.

Camp Fire Girls and Blue Birds of Hamlin and from other towns in Jones County and five other counties were attracted to Stamford for the conclave.

Hamlin women who received service ribbons for time devoted to Camp Fire Girls work included Mrs. O. D. Roland, Mrs. M. T. Hudson, Mrs. G. R. Bennett, Mrs. Amery Neal Denton, Mrs. Ray Flowers and Mrs. Joe McCrary.

Mrs. Fred Stockdale, area executive, Mrs. L. B. Maberry and Mrs. Loren Griffin presented the service ribbons.

Mrs. Stockdale reports that gifts assembled at Stamford for Camp Fire Girls overseas must be in New York by October 1. Each Camp Fire Girl and Blue Bird was asked to take a gift for a girl of her own age.

Impressive Sunday afternoon, reports Mrs. Stockdale, was the Children's Christmas Festival service conducted in conjunction with the area gathering.

Woman's Literary Club Receives New Members

Woman's Literary Club held its regular meeting in the home of Mrs. Thomas Ferguson last Friday.

A brief business session was held, and three new members were elected: Mrs. Ernest Jenkins, Mrs. Bill Burnett and Mrs. Jack Chambliss.

Mrs. Thomas Teague was director of the program, and after each member gave interesting roll call, she gave some outstanding facts about the life and career of Howard Fast, writer of one of America's most recent novels and best sellers. She then introduced Mrs. R. D. Moore, who gave an excellent review of "The American."

Bats are mammals and suckle their young at the breast.

Nozik Hassen Hosts Junior Literary Club

The Junior Literary Club met in the home of Nozik Hassen last Thursday evening. Second Vice President Elma Ree Brewer called the meeting to order.

Program was given in the following order: President's message, Shirley Baggett; response, Betty Lou Ferguson; "What Club Membership Means to Me," Jane Adams; and "An If for Girls," Fay Bagwell.

For the conclusion, the sponsor, Mrs. G. R. Bennett, thanked the yearbook committee and co-sponsor, Mrs. Herman Treadwell, for their good work.

Refreshments were served by the hostess. Shirley Baggett adjourned the meeting.—Reporter.

Mustain-Maberry Wedding Announced

Charlene Mustain, daughter of Mr. and Mrs. C. A. McHone, became the bride of Jerry Maberry. Jerry is the son of Mr. and Mrs. J. D. Maberry of the McCaulley community.

Both the young folks have been life-long residents of the Fisher County community.

A more complete story about the wedding will be carried in next week's issue of The Herald.

Baptist Y. W. A. Elects New Officers

Young Woman's Auxiliary of the evening at the church. New officers for the organization were elected as follows: Verlene Stewart president; Betty Jane, ice president; Jo Hargrove, secretary; Margaret Ryan, program chairman.

Y. W. A. sponsors, Mrs. May and Mrs. Irwin, were present. Refreshments were served to the group.

Mrs. Etta Steppenson is visiting with a son Professor Stephenson, who is a member of the Sul Ross Teachers College, at Alpine.

Mr. and Mrs. Morris Joyne and Berle Joyne of Independence, Iowa, and Mr. and Mrs. T. E. Harden Jr. of Fort Worth were guests in the home of Mr. and Mrs. Alford Harden Sunday.

R. L. Harris and daughter, Emma Harris, and granddaughter, Marjorie Nell Steed, have returned from Dallas, where they spent their vacation visiting relatives and friends and attending the State Fair of Texas.

P-TA to Conduct Booth at Carnival

The Parent-Teacher Association of Hamlin Elementary Schools will have a booth at the junior carnival to be held at the high school next Thursday.

The booth will be open beginning at 4:00 o'clock Thursday afternoon, P-TA officials state, and ask people of the community to have supper at the booth. Chili, pie, coffee and cold drinks will be sold.

Ella Plemons and Billy Toylar Marry

Ja Ella Plemons and Billy D. Taylor were married Saturday in the home of Mr. and Mrs. Bill Owens at Anson with Rev. Henry M. Chambers, pastor of the First Baptist Church, reading the single ring ceremony.

Mrs. Taylor is the daughter of Mr. and Mrs. Henry Plemons of Hamlin, and Taylor is the son of Mr. and Mrs. A. E. Taylor of Rochester.

The bride wore a blue tailored suit with a white blouse and black accessories. For "something borrowed" she wore a locket belonging to Faye Ludecke and for "something old" she carried a lace handkerchief belonging to Mrs. T. R. Gleaton.

The bridegroom served 38 months in the armed forces, spending 34 months in the South Pacific. The young couple will continue to live at Anson, where Taylor is employed by The Western-Observer.

Hortense Phoenix Sings With McMurry Group

Hortense Phoenix of Hamlin was among the 30 McMurry College Chanters who sang for the Sixth District Federation of Texas Music Clubs at San Angelo October 19.

On the way to San Angelo the group stopped at Winters, Ballinger and Miles, where they presented programs at the three high schools.

Baptist Women Study Mexican Missions

Woman's Missionary Society of the First Baptist Church met in its first missionary program meeting of the new year Monday afternoon in the intermediate department of the local church.

Active missionary work with the Mexicans in Hamlin was emphasized. This missionary society is sponsoring the Mexican mission work in the city of Hamlin. Two conversions were reported last Sunday in the Mexican services.

The society also voted to ask the church and Sunday School members to help give canned goods to Buckner Orphans' Home.

Mrs. W. A. Albritton had charge of the program. She was assisted by Mmes. R. L. Kite, W. C. Weir, Lesley Shelburne, Eva Golden, Tom Vaughan, W. L. Boyd Sr. Mrs. Ted Russell and Mrs. Lesley Shelburne furnished special music.

AT THE HAMLIN HOTEL WEDNESDAY, OCT. 30 ONLY

More telephone service than ever...

FOR MORE PEOPLE THAN EVER...

We've put in more than 190,000 telephones in Texas in the first nine months of this year—nearly twice as many as we connected in the first nine months of 1940.

We're handling a million and a half more local calls a day than a year ago.

And 13 per cent more long distance calls. (Nearly twice as many as before the war.)

Putting in all those telephones and taking care of all those extra calls—regardless of shortages of materials—is one of the biggest jobs the telephone company has ever done.

Best part is that service has remained good on most calls despite heavier-than-ever volumes.

There are some delays but we're working on them—just as we're working hard to serve people waiting for telephones. Service will be better than ever, for everyone, as soon as new equipment can be made and installed.

SOUTHWESTERN BELL TELEPHONE COMPANY

Mr. and Mrs. Earl Proffit and Mr. and Mrs. Johnny Cousens and son, Junior, of Glenrose visited this week with the D. J. Herbst family.

EARLY DESTROYING OF COTTON STALKS FINE PEST CONTROL

An article written especially for farmers of the Hamlin trade zone and Jones County by K. P. Ewing of the U. S. Department of Agriculture, Charles A. King Jr. and F. L. Thomas of the Texas agricultural experiment station, follows:

"Wherever cotton in this vicinity can be picked out before frost it is of great practical importance to destroy the stalks by plowing them under.

Primary purpose is to eliminate the food supply of the weevils and cause them to use up their strength in search of food—or force them into early hibernation in a half-starved condition.

"This practice is most beneficial in the southern portions of the cotton growing area where the season is longest, cotton matures earliest and weevil damage is usually heaviest.

"Proof of the effectiveness of this method of weevil control has been clearly demonstrated in the Lower Rio Grande Valley where early destruction of cotton stalks is required by law as a control measure for pink bollworm. State regulations requiring destruction of stalks by September 1 became effective in Cameron and Hidalgo Counties for the first time in 1945. The weevil infestation in the 1946 crop was greatly reduced and practically a full crop of cotton was obtained without the need for poisoning except in comparatively few instances.

"Also at College Station, experiments have shown that about three times as many weevils survive the winter when cotton stalks are allowed to stand in the fields until November 1 as when destroyed by the middle of October.

"Community cooperation and action in plowing under cotton stalks is desirable and most effective, but a single farmer will get much benefit from his own efforts because his neighbor who does not bury stalks will have his own weevils and part of those in the field where the stalks have been plowed under.

"Wherever conditions may permit, the early fall destruction of cotton stalks is the last step in making the cotton crop of 1946 and the first step in making the 1947 crop more economical and more profitable," the article concludes.

Blessed Events

Mr. and Mrs. Bill Smith of Route 2, Hamlin, are announcing the arrival of a son. The young man was born Monday, 2:20 o'clock, at the Stamford Hospital. He weighed in at seven pounds nine ounces.

Mr. and Mrs. H. O. Cassle Jr. of Sweetwater are announcing the birth Saturday of a daughter, Joyce Marie, weight six pounds and 11 ounces. Joyce Marie is the fourth grandchild for Mr. and Mrs. H. O. Cassle Sr. of Hamlin.

Mrs. J. C. Cory, who has been staying for several weeks in the home of her sister, Mrs. James Ferguson, convalescing from a major operation at the Hendrix Memorial Hospital at Abilene, returned Monday to her home in Dallas.

Good Bet.

A charitable woman much interested in a poor neighborhood, noticed that whenever she went through the street a down-and-out man stood at the corner. One morning, feeling sorry for him, she slipped a dollar into his hand and whispered, "Never despair."

Next time she saw him, he stopped her and handed her \$9.

"What does this mean?" she asked.

"It means, mum, that 'Never Despair' won, 8 to 1."

My hat's off...
to my customers who have been so well about waiting for the tire that...

**OUTWEARS
PREWAR TIRES**

There's no getting away from it! When you have a good thing—word gets around—and FAST! And from our view, it seems everyone is demanding the tire that OUTWEARS PREWAR TIRES.

FOR EXTRA SAFETY AND EXTRA MILEAGE THE NEW
B. F. Goodrich Silvertown
IS WORTH THE WAIT!

The new Silvertown tires have been setting records for long mileage, safety and economy not only on taxi fleets, police cars and special test cars but in regular car owner use. These new tires are built with a broader, flatter tread that puts more rubber in contact with the road, spreading the wear over a larger area. To hold this heavier tread, B. F. Goodrich engineers developed a 35% stronger cord body with stronger cords and more of them... This meant better bruise resistance, greater safety. If you want the tire that OUTWEARS PREWAR TIRES, place your order today. A little wait will be rewarded with today's biggest money's worth in tires.

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

WTCC WORKS FOR WEST TEXAS

Anson meeting Friday of District 5 of the West Texas Chamber of Commerce, at which Hamlin was ably represented, gave evidence anew that the WTCC is bringing to fruition many of the projects Jones County people have fought for through the years and had this regional organization as their spokesman and untiring representative.

The West Texas Chamber of Commerce and affiliates, local Chambers of Commerce, constitute a West Texas institution—the parallel of which is lacking in world history anywhere—that is gaining for this vast territory a favored place in the economic sun.

We are supporting the WTCC in this trade zone, and should continue to back in a larger measure the organization that is bringing freight rates down; teaching people the value of soil conservation and diversification; and going to bat for us when we need a worthwhile project pushed through for benefit of West Texans. We are fortunate to be represented in such an able way by the WTCC, and should strive to double all local Chamber of Commerce memberships during 1947.

A MUST AMENDMENT FACES VOTERS

Hamlin's American Legion post and others in Texas are urging that every veteran go to the polls in the November election and by their votes assure passage of a proposed constitutional amendment which will create a Veterans Land Board—designed to give 10,000 Texas veterans farms and ranches.

This amendment, it will be recalled, has twice received the backing of the American Legion. Since the American Legion is the leading one dedicated to veterans' activities, it behooves all vets to get out and vote for passage of the mentioned amendment.

Highlights of the amendment are that it was passed unanimously by the House and Senate of the last Legislature; that the board will be composed of the governor, attorney general and general land commissioner; that such board is given authority in concurrence with the Legislature to issue bonds up to \$25,000,000 for the purchase of additional land from the federal government, individual and other state agencies located in every sector of the state; that bonds bearing three per cent interest will be sold to other state departments carrying heavy surplus funds now uninvested, thus eliminating the necessity of any additional taxes.

It should be pointed out that under the amendment veterans would not be required to "homestead" or live upon their land. They also would not be prohibited from selling their equity.

WINNING PEACE MUST START AT HOME

Any close observer of daily trends in government and foreign policy will admit that the biggest job this nation ever faced is winning of the peace, and in order to accomplish this objective we will have to steer an entirely different course than the United States has pursued for the past six months.

First, we need to get at the roots of the Communist-inspired strikes in America and either deport those with foreign loyalties or put them to work on the rock. Second, we need to learn that only by full and honest production can we keep our lead as a great nation among the nations. Third, and more important than other considerations, we need a spiritual revival and Christian awakening more so than at any time in the past 11400 years.

We need to kindle love and respect for the home; we need less profanity and more Christianity in business and industry; we need less chiseling in national and international dealings; and if we could ever reach that Utopian goal, we need to refrain from trying to rule the world and focus our undivided attention for just one generation upon America and America alone. We will have all we can handle if we keep down a civil rebellion within American borders.

NO COMMENT IS OFTEN GOOD POLICY

How often, when it is too late we wish we had kept our opinions to ourselves instead of saying something which hurts another. It seems to be human nature to add something to whatever is said in criticism of another, but it is the mark of a wise and just man to keep silent unless some good is to be wrought by criticism. In the language of the character of the comic strip, Kayo Mullins, "why don't I ever learn to keep my big mouth shut?"

Instinct seems to prompt us, whenever we receive a blow of whatever kind, to retaliate instantly. A young boxer was given this advice by his trainer:

"Don't be in a hurry to return a punch. You give yourself away every time you get into the ring. Every boxer who boxes you knows that the moment he stings you, he may expect you to rush him. He is all set for you, and knows exactly what to do. Don't do that. Take a punch when you have to, but don't rush right in. Feint and box and wait for an opening."

That is good advice in every walk of life as well as in the ring. It is a wise man who, when he meets with bitter criticism, says, "No comment," and waits until the proper time to make reply.—The Lion Magazine.

WHAT CONTEMPORARIES ARE SAYING

FOOTBALL GAMBLING

Both professional and small-time gamblers are moving in on high school football, and no protests seem to be heard. Stadiums are just as much a part of the school grounds as the auditorium or lunch room. Betting on the outcome of a debate or running a dice game during the noon hour is verboten—but gambling on the outcome of a football game is becoming as common as eating peanuts.

If the boys on the field violate a rule, they are ousted from play. Why should some spectators in the stands be permitted to break laws—both of the state and of good sportsmanship?

Damage to a school's athletic record through a few losses isn't nearly as serious as the black eye a school's reputation can get through the misconduct of a group of its students and fans, who are there to bet instead of watch. Stadiums were never designed as branch offices of bookie shops.—Interscholastic Leaguer.

Assimilating of Fats Made Easy with Simple Rules for Rendering

With thin prospects for any type of increase in supplies of fats and oils for cooking this fall and winter, Hannah Nabors, Jones County home demonstration agent, urges housewives of Hamlin and the county to use available supplies wisely and to clarify used fats for best cooking results.

The purpose of clarifying is to take out bits of other foods and to improve the flavor.

To clarify solid fats, such as pork, beef and lamb, pour hot water over the fat, using one cup of water to each cup of fat. Heat slowly for 10 minutes, stirring well. Strain through a clean cloth and chill. When the layer of fat is hard, pour off the water and break off any dark material that may be clinging to the under side of the fat.

For clarifying oils or poultry fats that are very soft at room temperature Miss Nabors gives the following instructions: Add thin slices of raw potato and cook over low heat for about 20 minutes. Strain the fat through clean cloth and cool.

Miss Nabors cautions you to remember that clarified fat will not keep indefinitely. Store in a covered container in a cool place.

WTCC MEET

(concluded from first page)

Coombes of Stamford, 1931; and J. Thomas Davis of Stephenville, 1941.

Dodson, in his talk, enumerated West Texas problems such as freight rate discrimination, water problems, legislature redistricting, labor and management.

Joe James, industrial research bureau head, told of an industrial survey to be made and urged cooperation.

Representing Hamlin at Friday's conclave were Tate May, Mrs. E. M. Wilson, local Chamber of Commerce manager, Haskell Carter, I. R. Witt and O. D. Rowland.

Referendum vote on the WTCC planks, it is pointed out, will be held November 8.

John C. Thompson, Anson Chamber of Commerce manager, introduced Anson CC President Lew Womack, who welcomed the group and turned the meeting over to President Kelley.

A square jaw is not an indication of strong willpower.

CONTOUR FURROWS IN PASTURES PAY IN BETTER GRASS

In a special release to The Herald, the California Creek Soil Conservation District, with offices in Stamford, points out this week another soil and moisture conservation practice that has proven of value.

Practice of contour furrowing of open pasture land is highly praised by Albert Thane, whose farm lies immediately west of the Paint Creek School in Haskell County. Guide lines for furrows on his pasture were run in February of this year and furrowing was done shortly after that.

The California Creek Soil Conservation release continues: "The grass in the furrowed area stayed green all during the summer dry period, while it dried up where there was no treatment, and some of the clumps even dried out due to moisture competition," stated District Cooperator Thane. When asked if his cattle got more grazing from the furrowed area, he added, "The cows, when they were grazing, could usually be found in

NEW DESIGNS SOUGHT

President of the Art and Fashion Guild of the Americas, Jessica Davon, above, has announced she will send representatives throughout the United States and the Americas to elect public relations and fashion chairman of the Guild. Miss Davon explains that the Guild is cooperating with Chambers of Commerce and public officials in finding a market for designs and merchandise of individual craftsmen. She urges individuals to mail samples of art and workmanship to her Dallas address, 2600 Lancaster Road.

the area where the grass was green."

The furrows on the Thane farm were constructed with a farm tractor pulling a one-bottom lister point. They were spaced on five to six-foot centers and formed a furrow about seven inches in depth and 10 to 12 inches or more in width. An observation since the rains show the turf grass, which is principally buffalo and curly mesquite, to already be moving back in to heal over the disturbed area.

Moisture penetration tests made following the last rains showed much greater penetration depth where the land was furrowed. In open pasture with no furrows the depth was seven inches, and in the space between furrows it was 22 inches.

HAMLIN ASSUMES LEAD IN DISTRICT GRID STANDINGS

Hamlin High School Pied Pipers were riding the crest in District 11-A conference football standings this week with three wins and no losses, topping Stamford from a tie for the favored spot last week-end.

Munday, with a tie game with the Throckmorton Greyhounds two weeks ago, was in second spot with an .833 average.

The standings and last week's results follow:

Conference Standings.

Team—	W.	L.	T.	Pct.
Hamlin	3	0	0	1.000
Munday	2	0	1	.833
Stamford	2	1	0	.667
Anson	2	1	0	.667
Throckmorton	0	2	1	.167
Albany	0	1	0	.000
Haskell	0	4	0	.000

Full Season Standings.

Team—	W.	L.	T.	Pct.
Munday	4	0	2	.800
Hamlin	4	2	0	.667
Anson	4	2	0	.667
Throckmorton	3	2	1	.583
Stamford	2	2	1	.500
Albany	1	3	0	.250
Haskell	0	5	0	.000

Results of last week's games:

Munday 18, Haskell 0.
Anson 25, Throckmorton 6.
Hamlin 14, Stamford 0.
Albany, idle.

Schedule of games for this week-end:

Haskell at Rochester.
Albany at Anson.
Munday at Stamford.
Hamlin idle.
Throckmorton, idle.

A cubic foot of ice weighs less than a cubic foot of water.

Clinton Fraser, Former Banker, Passes at Elsa

Friends of the Clinton Fraser family in Hamlin learned last Friday that Mr. Fraser had died at his home at Elsa, near Edinburg, in the Rio Grande Valley.

In the early days of Hamlin Fraser was cashier of the First State Bank, which was succeeded by the F. & M. National Bank. He moved from Hamlin in 1915 and engaged in business in the Rio Grande Valley till he suffered a stroke more than a year ago. He was a leader in church and civic affairs while in Hamlin.

Survivors are his wife, one son and one brother, Paul Fraser, son-in-law of Mrs. J. C. Culbertson of Hamlin. Burial was at Edinburg.

Vets May Be Certified For Purchases at WAA

Hamlin area veterans of World War II interested in acquiring some of the vast stocks of surplus government property which the War Assets Administration is now offering for sale should contact Roy Wellborne, WAA field representative, either on October 30 or 31 in Abilene.

Wellborne informs Hamlin vets that he will be at the American Legion Hall, First and Cedar Streets, October 30 and 31.

He will assist veterans who have not previously applied for certification to obtain the WAA certificate necessary to exercise priority buying rights.

As vets in this vicinity know, a huge site sale will be conducted at Camp Bowie in November. By making application now, veterans will be qualified to make purchases from the extensive WAA offerings at the sale.

A regulation of the treasury department provides that only likenesses of deceased persons shall appear on United States currency.

LIVESTOCK AND FEED GO UP AS COTTON GRAIN AND POULTRY DROD AT MARKETS

Latest Swing of Southwest Farm Markets, giving last week's quotations for cotton, grain, eggs and cattle, prepared for Herald readers by the Production and Marketing Administration, follows:

Livestock and feed went up as cotton, grain, eggs and poultry went down last week while most vegetables, rice, peanuts, butter and milk held steady at southwest markets USDA's Production and Marketing Administration reported this week.

Cotton tumbled about \$25 a bale last week. The trade associated this drop with speculation regarding decontrol of cotton textile prices and uncertainty as to outlook for sales of cotton textiles. Also, seasonal heavy movement of the crop into trade channels may partly explain the break.

Hog prices took on one of the biggest jumps on record last week when ceilings came off and soared \$8 to \$10, but later declined \$2 to \$4 a hundred as receipts increased. Friday's quotations for good and choice butchers stood at \$23 a hundred, at Fort Worth. Higher prices brought out 16,050 hogs at six southwest markets compared to 7,545 for the corresponding week last year and 4,850 for the previous week.

Decontrol of meat brought a rush of cattle to market last week. Receipts at six Southwest terminals totaled 90,400 compared to 82,000 for the corresponding week last year and 55,375 for the previous week. Cattle advanced \$2 to \$4 a hundred at southwest markets in contrast to gains of \$5 to \$10 at Midwest markets. Friday's prices quoted here were down from the week's peak.

Southwest sheep and lamb markets reported advances of 50 cents to \$5 a hundred on lambs and 50 cents to \$1.50 on ewes.

Trading in domestic wools was nil last week. Prices were up 3 to 5 percent under the new schedule. Finer grades of sorted mohair could be readily sold as soon as offered.

Most grain prices started down grade last week. Sorghums and corn lost the most ground. However, feed

markets were unsettled as a result of the end of price control and restrictions on the use of by-products and mixed feeds. No prices were quoted, but the trade expected urgent demand.

Colorado onion and potato producing areas reported light shipments last week due to a freeze. Demand and prices were better for both. Most haulings of Louisiana and Texas sweet potatoes went into storage. Improved demand increased prices to \$2.75 a bushel for U. S. No. 1 washed Porto Ricans compared to \$2.03, the ceiling this time last year.

Southwest egg and poultry markets felt the impact of meat decontrol. Demand sagged and prices dropped about two cents a dozen on eggs and about three cents a pound on fryers and hens.

Plain Enough to See.

Cowboy—"I rode home without my saddle today."

Visitor—"Did you ride bareback?"

Cowboy—"No, I just rode horse-back."

A Long Wait.

Mother—"You came home from the play rather early, dear."

Girl—"Yes, I didn't wait for the third act."

Mother—"Why not?"

Girl—"I couldn't take the time. The program said it took place two years later."

McCann Elected Head Of County Pensioners

In a business session of the Jones County Pension Organization No. 1 held October 2 at Stamford, resignations of both the president and vice president were accepted by the group. It is reported this week by Effie Shannon, secretary in a release to The Herald. W. L. McCann was elected new president and B. F. Moore was named vice president. Alvia Anderson also was selected as assistant secretary.

T. O. Rowland, president of the Anson club, gave an address on the present pension set-up. Elzy Bennett made an encouraging report on the progress of the local club.

Next meeting of the group will be October 26 at 2:30 o'clock at the city hall in Stamford, to which everyone interested is invited. Mrs. Shannon states.

Surprise.

Mother—"How did you come to fall in the water?"

Jimmy—"I didn't come to fall in—I came to fish."

Home Work.

Bobby—"Mother, I wish you'd work my arithmetic for me."

Mother—"No, son, it wouldn't be right."

Bobby—"Well, maybe it wouldn't—but you could try!"

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

NEWS NOTES FROM SYLVESTER
MRS. J. M. MONTGOMERY, Correspondent

Sergeant and Mrs. Morris Roque more of El Paso are spending the week here with their parents, Mr. and Mrs. Roy Roquemore and Mr. and Mrs. Landon Perkins.

Mr. and Mrs. Roy Andress and Jana and Ellison Edwards of Sweetwater were visiting in Sylvester Thursday afternoon.

Rev. and Mrs. A. D. Williams and Mrs. A. W. Pursley were shopping in Hamlin Friday.

Mrs. Jack Stone was in Sweetwater Thursday.

Mr. and Mrs. E. C. Smith have bought the grocery store owned by Obie Baker and are now operating the business.

Mr. and Mrs. George West of near McCaulley are announcing the birth of a daughter.

Mrs. Grover Combest and little daughter spent a few days visiting in the home of Mrs. M. M. Combest. They will go soon to Sumpter, South

Carolina, where Technical Sergeant Combest is stationed. They were at El Paso previously.

Mrs. Maggie Henson of Sweetwater was visiting friends here Tuesday. She was accompanied by her niece, Juanita Henson of Dublin.

Mrs. Arthur Hurst of Sweetwater was visiting relatives here Tuesday afternoon.

Mr. and Mrs. Bill Thompson and children, Thynell and Jimmy, of Stamford were in town Tuesday evening.

John Martin Ferguson, who is attending school at Longview, spent the week-end with his parents, Mr. and Mrs. Charles Ferguson Sr.

Mrs. A. L. Josey is in California visiting her daughter, Mrs. Freddie Kiser.

A group of the Methodist Youth Fellowship attended the sub-district meeting at Hawley Methodist Church Tuesday evening, October 15. Those going from here were Betty Lou Bell, Alton Mauldin, Harley Wayne Maberry, Onie Cox, Velta Lawlis and Arella Maberry. They were accompanied by W. O. Swindall and Mr. and Mrs. Byron Maberry. Next sub-district meeting will be held at Rotan in December.

A forty-two party sponsored by the high school seniors was held in the home of Mr. and Mrs. J. C. McHaney Monday evening. A nice crowd was present.

Mr. and Mrs. J. A. Edwards spent Monday night at Colorado City in the home of Mr. Edwards' sister, Mrs. Marvin Wood, who is ill.

Milton Montgomery left Tuesday morning for Fort Worth on business.

Mr. and Mrs. Marvin Kelly and babies of Albuquerque, New Mexico, are here at the home of his parents, Mr. and Mrs. W. L. Kelly.

Jeff Ward visited several days in the home of Mr. and Mrs. Jack Stone. He left Friday for Watsonville, California.

Mr. and Mrs. E. L. Streety of Denver City spent the week-end with their daughter, Bernice Streety, who is high school English teacher here.

THE PLACE TO DO YOUR BANKING BUSINESS

MANY AILMENTS OF MIDDLE AGE MAY BE AVOIDED BY CARE

From a health standpoint, life after 40 begins to be more complicated for the average Hamlin individual, than it was in his earlier years.

According to Dr. George W. Cox, state health officer, the principal health foes confronting people in middle life are heart disease, cancer, kidney disease, high blood pressure, hardening of the arteries, apoplexy, diabetes and arthritis.

Middle aged people of today are healthier than were those of preceding generations, and the present generation, when they reach middle age, should enjoy even better health than their parents of today.

Medical care in middle life has two important phases. The first is going to the doctor at regular intervals for a complete physical checkup, whether or not there have been symptoms that suggest the need for medical attention. The second is prompt attention to any illness which may mean the difference between prompt recovery and continued good health and prolonged invalidism. It is difficult to say which of these phases is the more important.

It has been found that men and women who faithfully pursue the habit of regular health examinations and who follow the advice arising from them tend to live longer more satisfactorily, and freer from disease than those who simply take a chance and go to the doctor only when pain or disability forces them to give up their normal activities.

It is also a fact that many diseases of middle age respond to treatment in early stages whereas if neglected until later stages they often cause permanent invalidism and even death.

oGod advice for persons over 40 is that they have regular physical examinations and obtain prompt medical attention for any and all illnesses.

Light never adds to a color, but it can take away from it.

Bear Hunters Aid Meat Shortage for Friends

The following story from Saturday's Abilene Reporter-News will make good reading for people in this vicinity still hungry for a tender, appetizing "meat" meal:

J. S. Dickie and W. L. Boyd of Hamlin did their bit in easing the meat shortage by serving barbecued bear to the citizens of that town recently.

It all started when Dickie and Boyd decided to go bear hunting in the mountains of New Mexico. The party engaged a guide and some "bear hounds" and hit the trail for a seven-day hunt. Results of a week on the trail was a bear each for Dickie and Boyd.

One of the bears caused considerable excitement and threatened to thoroughly maul the hounds, but a shot by Boyd put an end to the bear.

Rev. Osteen Will Lead In Tulia Revival Meet

Rev. John Osteen pastor of the Hamlin First Baptist Church, will leave next week-end, for Tulia, where he will lead in a revival meeting at the First Baptist Church. The series of services is scheduled for November 1 through 10.

Rev. Herial East, former pastor of the Hamlin church, is pastor of the Tulia congregation.

FOR RENT—Two furnished rooms.—Thomas Bigham, South Hamlin. 1c

POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

J. I. Parker and son, Leo, of Fort Worth were on business in McCauley this week.

Lieutenant and Mrs. W. H. Pickdon of Shreveport, Louisiana, are visiting their parents in Hamlin and McCauley on a 15-day leave.

The George Darden family visited with his parents at Girard last weekend.

A. S. Smith Jr. and brother, Billy, of Sweetwater were visiting friends at McCauley this week.

In McCauley Monday cottonseed was bringing the sum of \$85 per ton and cotton was still going down by leaps and bounds due to the fact, we think, that New York gamblers who control the cotton market suddenly decided to wipe out the little cotton buyers and take over. They sit by their ticker tapes, smoke 50-cent cigars and drink high powered whiskey and laugh up their sleeves at us poor saps who buy the farmers' cotton. Old P. T. Barnum was undoubtedly correct when he made the statement years ago that "There's a fool born every minute."

McCauley High School won another football game last Friday, defeating Noodle by a score of 49 to 13. The Mighty Mites (freshmen) played a part of the second half and did some nice blocking for Captain Kidd, who made the touchdown while the little fellows were in the game. McCauley boys played like all-stars against a heavy but green team. The McCauley squad plans to play the high-powered Harold team some time next month, perhaps at Vernon. Both teams are undefeated and untied.

Mr. and Mrs. Joe Miers Jamie Jean and N. D. Miers attended the Dallas Fair last week.

Our neighbors, the Hamlin folks, were all "up in the air" over the defeat of Stamford last week by the Hamlin High School football team. After all, that's something to crow about—and we hope you boys will win the district.

Hint to the Editor: Our typewriter ribbon is on its last legs and none to be had in our town.

Thanks to Doyle Berry of Mineral Wells for a year's subscription to The Herald.

Mrs. M. L. Span of Tuttle, Oklahoma, sends in her subscription for The Herald. She is the former Freddie Jones of Neimda. Thanks.

Mrs. Johnny Griffith and a friend, Mrs. James Clark of Abilene, spent the week-end in the home of Mr. and Mrs. Jack Griffith.

Mrs. Paul Beavers left Monday for Borger for the funeral of her father, J. C. Farmer, who passed away at Albuquerque, New Mexico, at 9:00 a. m. last Sunday. Mr. Farmer is survived by his wife, four sons and Mrs. Beavers. He was 74 years of age.

Mr. and Mrs. Byrd Rector of

Hermleigh were guests in the home of her sister, Mrs. George Maberry, and family here last week.

Mr. and Mrs. E. D. Baykin of Snyder visited her parents, Mr. and Mrs. Paul Beavers, over the week-end.

Mr. and Mrs. Fred Alexander and children, Ruby Jo and Don, honored their husband and father, Fred Alexander, with a birthday dinner last Sunday. Those present for the occasion were Mr. and Mrs. Joe Pattie and daughter, Sylvia, of Seminole, Mr. and Mrs. M. A. Burns and children, Betty Ruth and Melvin Wayne, of Odessa, Mr. and Mrs. L. W. Alexander and children, Wilma Joyce and Boyce, of Monahans and Mr. and Mrs. Steve Alexander of McCauley. Many nice gifts were received. Visiting in the Fred Alexander home also last week were Mr. and Mrs. Lawrence Purcell and daughter of Abilene.

On short notice we are informed last Monday night Charlene Mustain became the bride of Jerry Maberry. Charlene is the daughter of Mr. and Mrs. C. A. McHone of McCauley, and Jerry is the son of Mr. and Mrs. J. D. Maberry, also of this community. Perhaps we will know more about the wedding in next week's issue. Anyways, our congratulations to this fine young couple. We have known them since little "tots."

Hamlin Conoco Dealers Win Prizes in Contest

Among winners in a sales contest conducted by Continental Oil Company among its 20,000 dealers and jobbers throughout the United States were Ray Huling and Floyd Bevels of Hamlin.

Ray Huling is operator of the Conoco Rock Service Station at the intersection of Highways 83 and 92 while Floyd Bevels operated the Conoco station just south of the F. & M. National Bank, which was sold a few days ago to H. D. Mitchell and Orbie Fannin.

Awards in the contest are being given for the promotion of Continental's travel service to motorists, and winners are given their choice of a large selection of merchandise prizes. Presentation of the awards was made here by E. C. Feagan, commission agent at Hamlin.

The measure of a man's real character is what he would do if he knew he would never be found out.—MacCauley.

McCAULLEY BEATS BIG NOODLE SQUAD IN FRIDAY TUSSLE

The McCauley High School Eagles stretched their unbeaten untied record to five games Friday in defeating a big but inexperienced Noodle football team.

The Eagles scored early in the first quarter after recovering a Noodle fumble on the 20-yard line. On the second play Kidd carried the ball around left end behind good blocking to pay dirt. From this point on the Eagles had everything under control. Gibson intercepted a pass on the 25-yard line and went to the five-yard stripe before being hauled in. Kidd carried over two plays later for the second score.

Other scores were: Pass from Gibson to H. Lawlis; pass from Gibson to Houghton.

Highlight of the game came on the opening kick-off in the second half when Russell Kidd, big bruising back, received the kick-off and, behind good blocking by the "Peewees," went all the way to pay dirt. The "Peewees" were Ray Lawlis (80 pounds), George Matt Darden (80 pounds), Paul Carlan (120 pounds), Harold Carter (85 pounds) and John Prather (120 pounds).

Other scores in the last half were made: By Houghton, who went 65 yards for a touchdown; H. Fought who picked up a fumble and went over standing up.

Noodle's scores came in the last half.

McCauley boys playing in the Friday game were Houghton, Kidd, Lee, Lee, H. Fought, H. Lawlis, Gibson, J. Lawlis, R. Lawlis, Darden,

Hamlin Citizens Get Invite to Hallowe'en Carnival at Rotan

School students and townspeople of Hamlin are being invited by the Rotan High School senior class to attend a Hallowe'en Carnival on the Rotan football field Thursday, October 31. The gaiety begins at 6:00 o'clock p. m.

Featured attraction of the carnival will be the selection of the carnival queen from representatives of the classes and organizations of both grammar school and high school. Other attractions will include bingo, food surprise boxes fortune telling, prize fights, the crazy house, the house of wonders, fishing, turkey raffle and basketball goals.

Plans for the occasion are being readily completed and this is anticipated to be one of the largest carnivals of its kind ever to be held in this section, a release to The Herald states.

Firmness of purpose is one of the most necessary sinews of character, and one of the best instruments of success.—Chesterfield.

A damaged bill must be at least three-fifths intact in order to be redeemed by the U. S. treasury at its face value.

SAFeway MEAT PRICES

Today's high meat prices worry us, too. We know we can sell more meat when prices are low. Furthermore, we believe meat prices will go down soon and we'll probably have to take some inventory losses when they do; but whatever the price, we feel we have an obligation to have supplies available and to let customers decide whether they want to buy. We pledge you that our prices at all times will be as low as we can possibly make them based on costs to us and earning only a fair profit.
